SCERT OFFICER'S & STAFF ON TOUR

Name of : Hands-on Training for Development of Talking Books/ Audio Books for Children with Special Needs (CWSN) for Mizoram

Date : 15th -17th June, 2020 **Venue :** CIET, NCERT, New Delhi

- 1) Pi Laldawngliani Chawngthu, Director
- 2) Dr. C. Lalrozami, Programme Coordinator
- 3) Pu K. Lalnazira, Computer Operator
- 4) Pu T. Lalmuanawma, Computer Operator

Hands-on Training for Development of Talking Books/ Audio Books for Children with Special Needs (CWSN) for Mizoram

Hands-on Training for Development of Talking Books/ Audio Books for Children with Special Needs (CWSN) for Mizoram was held at 10 AM on 15th June, 2022 at CIET, NCERT, New Delhi. The three days training was attended by -

1. **Pi Laldawngliani Chawngthu**, Director, SCERT
2. **Pu H. Lalhruaitluanga**, Addl. SPD, Samagra Shiksha, Mizoram
3. **Dr. C. Lalrozami**, Prog. Coordinator, SCERT
4. **Robert Lalthazuala**, Project Assistant, Samagra Shiksha, Mizoram
5. **K. Lalnazira**, Computer Operator, SCERT
6. **T. Lalmuanawma**, Computer Operator, SCERT

On the first day of the training, a session on Audio Books was held and the resource persons for the sessions Dr. Ajit Horo and Ms. Vimlesh from CIET highlighted the history of audio books and the technological development that the audio books went through. Video clips on sign language were also shown to the team. The session was followed by a hands-on session wherein two chapters from the school textbooks of Mizoram were selected for production of audio contents. The selected lessons were Chemtatrwa, Chapter 18, Kumtluang 1, (textbook for Mizo subject for class 1) and A Tale of Two Birds from A Pact With the Sun. Two types of audio were recorded for Chemtatrwa, for audio book and audio programme (drama) for which media treatment was given by the technical team of CIET. The same audio was converted to Daisy format by the Mizoram team. So, three different audio programmes were prepared during the session.

The second day started with a session on eBooks by Mr. Devashish Kumar Jaiswal, Database Administrator, CIET who gave a detailed and informative presentation on different types of eBooks such as PDF, ePub and Flipbooks. The presentation also included insights on QR codes and how to generate QR Codes in bulk. The session was followed by a hands-on training on creation of ePub using SIGIL software. The training was supervised by Mr. Mohammed Salman and

Mr. Jitender and a practical session was held on SIGIL wherein a chapter on Marigold textbook for Class 1 was prepared for ePub.

The hands-on training on ePub was followed by a session on conversion of PDF files into Flipbook format using Flowpaper software during which one of the Mizoram textbooks was converted into a flipbook format.

On the last day of the training, there was a lively interaction with Dr. Bharti who shared a resourceful and interactive project (prototype inclusive textbook) undertaken by CIET. The Mizoram team found the project to be very exciting and interesting. The opportunities presented by the book are found to be vast and inclusive to all and will hopefully be a textbook for the future students of the country.

The training programme was found to be highly beneficial and has opened eyes and opportunities for future development of textbooks and for imparting quality education to the students of Mizoram. This will pave a way for educating CWSN to the next level as this is the need of the hour for the under privileged section of students in the state.

(Career Planning chhonzawmna)

VOCATIONAL EDUCATION

Course pawimawhte :

- (a) Ophthalmic Techniques
- (b) Medical Laboratory Techniques
- (c) Auxiliary Nursing & Midwifery
